

Academy Boulevard Bus Stops Reopening

The project team, in conjunction with Mountain Metropolitan Transit, will reopen the previously closed bus stops within the project limits on Academy Blvd. Starting Monday August 23rd the new bus stops will be added to the bus routes with locations just south of York Road on Academy Blvd. The southbound stop is in front of the Conoco Station and northbound at the old Mission Inn.

For the safety of commuters, pedestrians, and the construction team please continue to follow the posted pedestrian signage to commute through the construction project and cross only at designated crosswalks. Designated crosswalks include the south-side of York Road/Brookwood Drive at Academy, Olga Willson Way at Woodmen, Goddard St. at Academy, and the "Hobby Lobby" access to Woodmen Valley Shopping Center at Woodmen. As the project team continues to install permanent sidewalks pedestrian access through the construction zone will continue to improve.
